

Guide Sheet: Education Services

At DYOPATH we work with the single purpose of helping our clients combat the ongoing increase of cyber threats, the growth in more complex IT environments, and the ever-increasing human capital shortages.

Trusted IT Services

We customize our comprehensive suite of IT services to be perfectly matched with your organization's individual needs, providing unmatched IT protection to help you mitigate risks and losses while staying ahead of threats and productivity.

Education Services

We work with small to large school districts to deliver thought leadership to your communities through innovative turn-key educational solutions. Our custom-tailored services ensure the greatest gain from technology investments.

Why Clients Choose DYOPATH for Education Services

- ✔ **Innovative**
We stay on the cutting edge of learning frameworks, offering the latest technology services to better equip educational organizations for achieving greater success.
- ✔ **Collaborative**
DYOPATH supports your prioritization of technology solutions that will streamline the delivery of education and improved collaboration efficiencies between students, teachers and parents.
- ✔ **Safe**
We protect sensitive data, keeping your institution's and your students' information safe, with advanced features that support enhanced security.

We Deliver Results

Student Engagement Increase

Actively engage student ownership in learning, promoting a hands-on, minds-on environment

Reduced Risk & Exposure

Defend your network perimeter from internal and external threats

Cost Containment

Manage IT expenses and total cost of ownership with simplified administrative operations

Forming a Culture of High-Tech Teamwork

Evolving technology is changing the way students learn, teachers instruct and educational communities collaborate. We work with your budget and unique needs to offer solutions that enhance the classroom and optimize learning.

Equitable Student Access

Unleash the full potential of e-learning with fair and equal access for all students.

Differentiated Professional Learning

Meet staff where they are with expert guidance in planning and implementing technologies to support growth in professional learning.

Trusted Advisor

DYOPATH'S team of subject matter experts in learning frameworks, technology solutions and security practices fill the role of your trusted advisor.
