

# INCIDENT RESPONSE

## Guide Sheet

When a cyber incident strikes, every second counts. Our expert-led Incident Response services provide rapid containment, in-depth digital forensics, and thorough investigations to uncover the root cause and scope of the breach. From breach command and crisis management to serving as trusted expert witnesses, we help organizations navigate high-stakes situations with confidence. With our team at your side, you don't just recover—you come back stronger, smarter, and more resilient.

### WHY CLIENTS CHOOSE DYOPATH FOR INCIDENT RESPONSE

#### SWIFT RESPONSE

Immediate action to isolate threats and stop them from spreading.

#### EXPERT GUIDANCE

Specialized Incident Commanders cover you from end-to-end, whether you need threat actor negotiations or an expert witness.

#### STRONG RECOVERY

Focused strategies restore systems and strengthen defenses against repeat incidents.

#### FULL INCIDENT RESPONSE LIFECYCLE

We know how to collect evidence securely and in line with your compliance and law enforcement obligations.
