# Guide Sheet: Unified Communications as a Service (UCaaS/CCaaS)

Connectivity is at the core of any network and DYOPATH helps clients create a transparent environment by providing connectivity that is simple and efficient. DYOPATH provides unbiased UCaaS recommendations for organizations that are seeking to upgrade and improve their communication methods to drive efficiencies and productivity. We offer: Unified Voice, Video, Mobile, Chat, Fax, Conferencing, Presence Management and more.

## Why Clients Choose DYOPATH for UCaaS/CCaaS

### Improved Flexibility

UCaaS allows organizations to easily move their unified communications to the cloud giving you the flexibility and scalability of a cloud environment.

### Innovate Faster

UCaaS offers unbeatable scalability and flexibility for organizations that need to be able to accelerate quickly and embrace innovation fast.

### Lower Cost

DYOPATH'S solutions provide a more manageable cost structure.

## UCaaS is a Cutting-Edge Technology

The UCaaS solutions provided by DYOPATH represent a fundamental shift in business communications and one that your organization should be leveraging.  UCaaS not only offers voice service, it also includes cutting-edge technology such as video conferencing, fax, messaging and more. UCaaS combines multiple communication technologies into a single, cloud-based system that can be accessed from any location.

### ⊘ Advanced Mobility

Let your employees take their phone line with them through our hosted solutions, which eliminate the problems associated with interoperability, security or obsolescence. Your business can free up your employees to be mobile, so they can work wherever they feel would be most beneficial.

### ⊘ Increased Collaboration

When employees work in different locations throughout the world, the business must ensure they can still collaborate as efficiently as if they were in a local office. DYOPATH'S solutions bring together all the tools your teams need to keep in touch including voice communication, video calling, instant messaging, whiteboard sessions, web conferencing and more.

### ⊘ Increased Uptime

Natural disasters, threats and unexpected outages can hit an organization at any time. UCaaS solutions provided by DYOPATH ensure your organization is prepared within minutes. Having a disaster recovery plan that includes UCaaS helps to minimize the impact of any disaster.
